

Standard Series Anti-Theft Liquor/Wine Bottle Tags

With Special Security Magnetic Detaching Lock Feature

Protection for Your Valuable Assets

Our Bottle Tags are less expensive than you might imagine and will pay for themselves over time compared to adhesive labels.

Bottle Tags are reusable and will pay for themselves in the long run versus labels!

Our Standard Bottle Tags Are Available in 8.2 MHz or 58 KHz format. They Will Work on ALL RF Systems as well as Acoustic Magnetic 58 KHz Sensormatic Systems.

STC2004 Bottle Tags 8.2 MHz or Available 58 KHz (2" Diameter)

The bottle Tag is made of black ABS plastic and works with any 8.2 MHz system. It has a machined brass high security lock and PVC coated steel cable. It is used to secure liquor bottles or other items that the lanyard may be pulled right around and is removed by special magnetic detachers. The tags are easy to apply and even easier to remove with our special detacher model #STC600.

STC600 Bottle Tag Detacher

Magnetic detachers remove the pin from RF hard tags. This detacher is designed to be mounted on top of the counter.

Affordable Anti-Theft Solutions

Did you know that the average liquor store loses between 2% to 5% of gross sales to theft?
