

INK-PRO ANTI-THEFT TAGS

By Time Access Systems

Model:
TAS INK-PRO 400

The Ink-Pro 400 benefit denial ink tags are manufactured using the highest quality material including clear vials, hardened stainless steel pin and ultraviolet resistant plastic. There is also printed text which warns against unauthorized removal. The Ink-Pro tags are compatible with all standard industry tags, clutches, micro-clamps and tag detachers

The Pro-Lok 200 is a high quality magnetic clutch lock used with the Ink-Pro 400 ink tags. It incorporates a high security three ball clutch lock for superior holding power that secures/locks the ink tag in place.

Model:
TAS PRO-LOK 200

Model: TAS 600 DETACHER

The TAS 600 Detacher is a low cost quality tag detacher designed to remove the Ink-Pro 400 Ink tags. The TAS 600 detacher is easily mounted on any check out counter or regular surface.
