TRAKA 21 Innovative Standalone Plug and Play Key System

TRAKA 21

No ordinary key management system

Traka 21's innovative plug and play system provides small to medium size businesses with the very latest in intelligent key management. Simple, efficient and cost effective, Traka 21 helps trace and account for every key or keyset, which are individually locked in place, ensuring that critical business operations are never jeopardized

The Key to business security

Despite the increasing sophistication of commercial security, the management of business critical keys remains weak link. At best they'll be issued from a security desk. At worst they will be hung on a hook in open view or hidden somewhere at the back of a manager's desk drawer. If you lose them or they fall into the wrong hands, you risk losing access to buildings, facilities, secure areas, equipment, machinery, lockers, cabinets and vehicles

The Traka 21 Innovated Key and Asset Management Systems Save Time and Money for Business and Organizations by Providing Secure Management of Facilities Keys
