Secure Solutions For Protecting Your Valuable Liquor Store Assets

The Phazor packages are recommended for Liquor retail outlets that require the use of a powerful, reliable anti-shoplifting system. The Phazor is an all-purpose system that is capable of protecting a vast array of merchandise due to its ability to detect both hard tags and self adhesive labels. It is premier system on the market and is available from Time Access Systems Inc. at the lowest prices in North America!

8.2 MHz Panels

Phazor Detection System Features:

- Able to detect hard tags approx 3 to 4 feet on either side
- Able to detect labels approx 2.5 to 3 feet or more on either side
- Multiple units can be placed to protect a wider opening
- System can be easily installed by the customer

3 Year Limited Warranty

System Specifications:

The 8.2MHz Phazor System is a transceiver system that requires only one antenna to make it work. This system can detect both hard tags and labels. These systems require no synchronization between multiple panels nor do they require synchronization to our deactivators. This significantly reduces installation time as well as servicing. The use of a transceiver system greatly reduces the instances of "phantom" or false alarms. **Electrical:** Input 110 - 120 VAC - Output 14 VAC **Height:** 60.5 (152.4cm) - **Weight:** 11 lbs (5.7kg) - **Depth:** 1" (2.54cm) - **Width:** 14" (30.48cm) - **Frequency:** 8.2MHz

Secure Solutions For Protecting Your Valuable Liquor Store Assets

The Phazor Designer Series package is recommended for Liquor stores that require an aesthetic appeal to their anti-shoplifting system. Boasting the same powerful qualities as the Standard Phazor system. The Clear Phazor is the most appealing system on the market and can be used as a marketing/advertising tool with the application of store logos, etc. to the clear panel. Great for high-end retailers.
