Key-Box Basic Key Storage Cabinet Systems

Smart solution for simpler security needs

The Basic 9500 B series is based on simplicity and security, the key cabinets are equipped with a keypad for entering codes and programming. The key cabinet has a small green LED indicator above the keypad that indicates that the cabinet is active and blinks faster when it is in service mode. The key cabinets are available with 216 hooks. The key rings are neatly stored on the key hooks for easy viewing, removal or returning of keys.

The 9500B key cabinet is affordable and extremely easy to use (no software required) The users enter his/her pre selected code, the door opens and the user simply removes keys/key rings from the cabinet. The key cabinet key pad can be programmed up to 500 unique user codes. The system electrical requirement is a simple 120 Volt AC plug in or hardwired connection. The system comes with a 3 year limited warranty
