Large LED 6" Standalone Digital Display Clock Displaying Time, Date, Day and Temperature

Model: TAS/COMM-6-TDC

Large Digital Display Clock with Remote Control, Adjustable Light Dimmer, 7 Color Night Lights, Big Bright LED Clock with Indoor Temp, Date, 12 or 24 Hour Time Display, Clock can be easily Mounted on Wall or Ceiling

Model: TAS/COMM-6-TDC Digital Clock Description

REMOTE CONTROLLED 16-INCH DIGITAL WALL CLOCK Combines Clock + Calendar + Temperature + 7 Colors Night Light in one. With a superbly clear LED screen and 4.5" jumbo digit, allowing you easy to read from a distance. In addition to the time. The date, day of week, and temperature is also clearly displayed. It is perfect for large spaces, such as gyms, shops, warehouses, garages, or classrooms, offices!

ADJUSTABLE BRIGHTNESS DISPLAY Featuring a 5-level adjustable brightness display(included full dark), you can easily set the screen to your favorite brightness by using the remote control. The lower brightness levels make it the perfect clock for your bedroom without bothering your sleep.

INCLUDES DAY, DATE, TEMPERATURE AND AUTO DST If displaying the date and day wasn't enough, the clock also indicates the indoor temperature, both in Fahrenheit and Celsius(°C/°F)! Keep an eye on the indoor temperature and remind the elderly, children, wife or husband to keep warm. It is so sweet!

CONVENIENT WALL MOUNT AND FOLD-OUT STAND The clock features 3 equally spaced keyholes for easy mounting on a wall. A foldable stand is also present at the back, to easily prop it on top of a table.

OUTLET POWERED WITH MEMORY FUNCTION While it is a plug-in clock, the 2* AAA battery backup (not included) help you save time and settings. You do not have to reset the settings when reconnecting after a power outage. The screen goes blank during battery backup.

WHAT YOU GET Large Digital Wall Clock, remote control, power adapter(9.18ft), center guide for screw holes template, 3 screws, user manual, our worry-free 18-month warranty, and friendly customer service.
