

Designer Series Anti-Theft Liquor/Wine Bottle Tags

With Special Security Magnetic Detaching Lock Feature

Protection for Your Valuable Assets

Re-usable Anti-theft Protection. Design

It prevents shoplifting. Specifically designed for bottles. It's Re-useable, maximizing the efficiency of the Product. The front side can be customized for example with Logos or Symbols.

Smart, small and handy. It perfectly suits all types of bottle necks. It preserves the original product look.

Structure

One strong single piece reinforced with metal liner which makes the tag very "robust". The reduced size allows standard bottle display, saving space and increasing the number of bottles.

Use

Attaching: Quick and easy with one hand.

Detaching: Easy and quick magnetic detaching.

8.2 MHz Bottle Tag

58 KHz Bottle Tag

Attaching The Bottle Tag Is Easy

Slip the anti-theft Sonar Unitag protection still open onto the Bottle Neck.

Close the Sonar Unitag protection fixing it onto the bottle neck.

The Bottle is now protected.

Bottle Tag Detacher

For More Information Please Contact Us
