EASY INSTALLATION / USER FRIENDLY

Time Access Time Trax Wireless Synchronized "Clocks in a box"
Analog bundle is a pre-engineered starter solution for instant time
synchronization. The all-inclusive system was engineered with
plug and play connections for simplistic setup right out of a box.
Absolutely everything that is needed is included, so there's no
time wasted on trying to figure out which accessories and parts to
or-der. The Digital Bundle includes a 915MHz mini-transmitter,
soft-ware and (5) 3" x 4 Digital clocks.

Time Access Sync complete "Clocks solution captures time via
the Internet in NTP (Network Time Protocol) format or from the
optional GPS satellite signals. In addition our Wireless Clock
Systems are all backed by an exclusive 3 year warranty.
"Clocks in a box" is the ideal starter solution for synchronized tim-
ing needs in corporate offices, industrial settings, healthcare
facili-ties, or schools and for all building types under 50,000 sq. ft.
(Larger building accommodations available upon request with
optional re-transmitters)
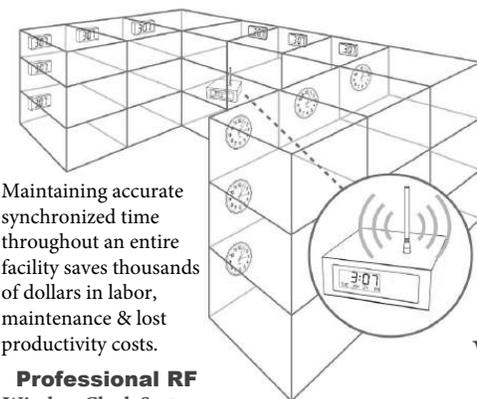

Maintaining accurate
synchronized time
throughout an entire
facility saves thousands
of dollars in labor,
maintenance & lost
productivity costs.

Professional series RF Wireless Clock Systems

RF Wireless LED Digital Clock Series

Improve efficiency and productivity with highly visible synchronized time throughout an entire facility.

Time Access Systems TimeTrax RF Wireless Synchronized LED Digital Clocks receive a dependable time signal from RF Wireless Transmitter (sold separately). The compact transmitter broadcasts time signal over 128 signaling channels (902-928MHz) to ensure time transmission with no in-terference. Transmitter requires no FCC license for operation and includes software interface for NTP server selection. *Sync-Pro RF Digital Clocks* are available in a variety of bezel colors, LED colors and digit formats (00:00 or 00:00:00) to meet the timekeeping needs of any environment. The *Sync-Pro RF Wireless LED Digital Clock System* is simple to install and easy to expand.
