Automatic Time and Date Stamps

**“When did we ship this order?” or
“What day did we receive this?”**

Our T-Series Document Control Stamps provide an efficient, cost effective way to register time, date, numbers and customized messages on your important documents. These heavy-duty stamps allow for specific customer information such as *Company, Department Names, or Locations*. Action notations such as *Received, Filed, or Shipped* can also be printed on documents.

These easy-to-use devices allow for quick recording of date and time or control numbers on all your business forms, in thickness from onion skin to 1/4” thick envelopes.

From Airports to Zoological Gardens – anywhere records are kept – anywhere document control is required – Widmer has the solution.

Who uses T series Document Control Stamps?

All sizes and types of organizations: court houses, manufacturing facilities, medical/legal/insurance offices, transportation industry, banking/savings institutions, schools/universities, restaurants, hotels/motels, purchasing/clerical/administrative offices, shipping/receiving departments, file rooms and mail rooms, telephone answering services, department stores, airport, bus & train terminals, parking lots, hospitals, health care facilities, emergency dispatch and medical units, federal and state government agencies, municipalities large and small.

What are some uses for T series Document Control Stamps?

- Using optional die plates, forms can provide record of action taken such as FILED, RECEIVED, MAILED, etc.
- Stamp date and time on incoming/outgoing mail, and shipping/receiving goods
- Fulfill legal requirements to record time and date on documents
- Stamp guest meal tickets to monitor kitchen/service efficiency
- Record exact time of hotel registration and checkout for guests
- Proof of time and date of service/sales telephone calls
- Stamp deposit slips and vault-entry documents
- Validate procedures, tests, and treatments for time administered
- Stamp lab documents to verify completed test procedures
- Document the date and time that procedures, policies, and actions are completed

For virtually any organization where time plays a critical part in the day-to-day operations and where document control is essential – Acroprint has the solution.
